

## NASA WV Space Grant Consortium

### Information about Support for Student Organizations and Higher Education Student Projects in STEM

The NASA WV Space Grant Consortium is pleased to announce the availability of funds to support student organizations in STEM outreach activities, team projects, and participation in statewide and national competitions. This opportunity is ongoing with no application deadlines, and we will accept proposals on a rolling basis. Student organizations may request up to \$2,000 in NASA funds to be matched 1:1 from nonfederal sources (*faculty mentoring is an acceptable form of match support*). The availability of funding would run through May 15, 2025.

Students and faculty participants must follow all health and safety protocols put in place by the County Health Department and their respective institutions.

**Purpose and justification of the proposed activity.** Attach a one-page summary of the activity. Include a brief budget explanation, dates (s) and schedule of the proposed activity, the targeted audience, inclusion of DEIA, and the number of direct student participants. Please note that all proposals must align with one of the NASA Mission Directorates. To read about the latest programs and current interests for the Mission Directorates, please follow the link: [https://www.nasa.gov/about/org\\_index.html](https://www.nasa.gov/about/org_index.html)

**End of Year Deliverables:** The NASA WVSGC must report statistical information to the agency for all NASA funding to higher-ed students. To record this information the organization must submit a Student Data form (which will be emailed to you and included in the award notice). Your organization must also provide cost share documentation for end of year close outs.
